13,400; Wheeling & Lake Erie, 7,000.

Trading on the Stock Exchange, yesterday, was unusually heavy, but the speculation was more unsettled than for some time past. Although the first prices made were generally higher, the market soon lost its strength, Sugar and the granger shares snowing most weakness. The reactionary tendency was due to sales made to realize some of the profits of the advance which has been participated in by nearly every stock on the list. There was some little selling for the short account, but the bear operators were quick to cover on indications of a rally. Reactions and rallies followed each other in quick succession and at noon the dealings had assumed a steady tone, gradually becoming strong and continuing to advance during the two hours following midday. After delivery hour there was a renewal of the realizations and under the leadership of the grangers and Sugar a decline set in which continued to the close, the market being decidedly weak at the close, Compared with Tuesday's closing figures, the last quotations made yesterday are about evenly givided between gain and loss, with perhaps a preponderance on the credit side of the account. The more notable advances are: Great Northern preferred, 41/2 per cent.; Erie Telegram and Chicago & Eastern Illinois, 1%: Chicago & Eastern Illinois preferred, and Pittsburg, Cincinnati, Chicago & St. Louis preferred 14; Norfolk & Western preferred, 114, and Distilling, Michigan Central and Erie preferred, 1 per cent. The declines exceeding a fraction are Pullman, Rock Island, Minneapolis & St. Louis preferred, 1 per cent.; Burlington, Susquehanna & Western preferred, and Minnesota & St. Louis common, 11/8; Sugar, Northwest and Leather preferred, 11/4; Canada Pacific, 2, and Colora-

\$4,790,000, of which \$1,369,000 were Northern Pacific issues and \$739,000 Texas & Pacific bonds. The dealings covered a wide range of securities and mortgages registered liberal advances. The arbitrage houses were conspicuous purchasers of the international mortgages. The most important gains are: Union Pacific gold sixes stamped, 4 per cent.; Union Pacific sinking fund, eights, 14: Peoria, Decatur & Evansville seconds, Louisville, Evansville & St. Sciota Valley and New En-fours, Iowa Central firsts and Erie & Western firsts, 11/2; Ohio Southern firsts and Northern Pacific seconds, 1%; Northern Pacific thirds, 214; Northern Pacific collateral trust sixes and Northern Pacific consols fives, 2, and Northern Pacific trust receipts. Chesapeake & Ohio four-and-a-halfs, and St. Joseph & Grand Island incomes, Texas Pacific preferred, Atchison, Colorado & Pacific firsts, Equitable Gas of Chicago fives and Ohio & Mississippi consols sinking funds, 1 per cent. Northern Pacific seconds registered brought 98 against 8614, the previous sale. Declines were recorded in Milwaukee. Lake Shore & Western extended fives of 11/2 per

do Coal, 2% per cent. The bond speculation was buoyant and

intensely animated, the sales aggregating

cent, and Hocking Valley sixes of 114 per Government bonds were strong. State bonds were quiet.

Business Good on the Wholesale Streets and Commission Row.

At no time since the holidays has trade known as much activity as since May came in. Dry-goods houses and millinery establishments are enjoying an excellent trade. Boot and shoe men and hat and cap dealers report trade good, and leather and hide men speak of active markets and strong prices. Grocers never had a better business. Sugars and coffees are moving actively on the prospective advances. Old stocks of canned goods and dried fruits are about cleared out. On Commission row fruits and vegetables of the season are coming in more freely, and prices are not exorbitant, and another week will place such articles as come under these heads within the reach of everybody. Poultry is firmer, and shippers were yesterday paying 71/2c. Eggs are steady at 101/2c. The market

ing well, May stock in excess of those of the corresponding period last year. The local grain market is not as active as in the latter part of April. Both wheat and corn are in good request at prices quoted. Oats dull. Quotations on rye are dropped, as there is none on the market. Track bids yesterday ruled as follows: Wheat-No. 2 red, 64c; No. 3 red, 62c; wagon wheat, 62c.

washboards, \$1.25@2.50; clothes pins, 50@85c Corn Was Strong, and July Closed 1-8c Higher on the Day-Provisions Advanced in All Lines.

> CHICAGO, May 8.-Wheat started firm and closed at %c decline to-day, the weakness resulting from the favorable weather and heavy realizing on the bulge. July corn closed 160 higher, July oats 150 lower and provisions scored advances.

> Wheat started with a show of strength to-day, and the price stood up remarkably well until about 12 o'clock, but about that time the props were withdrawn and it had a severe tumble. Some of the early strength was due to the bullishness on corn and some of it was ascribed to the Northwestern elevator proprietors, who bought July wheat freely all morning and replaced their hedges by selling September to an equal extent. When those influences were withdrawn the collapse referred to quickly followed. Generally the appearance of the country and crops were spoken of in the speculative degree, except from some Southern places, the winter wheat belt and from this State and Indiana, which had been missed by the recent rains. The opening trades in July were at from 63%c to 6314c, and the price did not get substantially below 63c until midday. It had in the meantime sold as high as 63% 66312c, but by about 12:15 p. m. it tumbled to @%c in quick order. The receipts at Minneapolis and Duluth were 245 cars, compared with 247 a year ago. Primary market reciepts all told were 260,000 bu, as against 179,000 bu a year ago. Exports from the Atlantic seaboard of wheat and flour together amounted to 285,-000 bu. The Liverpool market was quoted 34d higher at the opening, closing with 44d net gain since yesterday. Paris closed firm at an advance of 25 centimes for flour and from 10 centimes to 25 centimes advance in wheat. Berlin was given at a decline of from 14 mark to 1/2 mark. Some more wheat was worked from here for shipment to Toledo. Some 200,000 bu hard spring wheat was reported worked for ex-port from Duluth, and a dispatch from there said the market was on a parity with Glasgow c. i. f. price. As regards red winter wheat more clo ulators say that prices here are from 2c to 3c above an export basis. The chartering of vessels for the shipment of 225,000 bu caused a slight revival near the close, and there were buyers at 621/2c as the session The corn market was firm and averaged

> higher than on the day before, but in the ing price for July was 50%c, and it advanced to 51c before it had any decline. It then turned down to 50%c, but had a quick advance to 51% on the covering of a heavy short line by a prominent commission house. It worked down again to 50% and closed with sellers at 50%c. The receipts were only 85 cars and the shipments 310,000 bu. Estimated receipts for tomorrow are 85 cars. Offers sent to the country last night by a commission house brought many more acceptances this morning than has been the case for some time, from which it is inferred that farmers' deliveries are increasing. The charters to-day were for 75,000 bu. Oats were fairly active during the greater part of the session. Fluctuations were to a great extent ruled by corn. The cash market for oats was firmer and extended into the nearby deliveries. July and September were lower at the close. May sold from 281/2c to 281/4c, and closed there. July started at 28%@28%c, sold at 28%c down to 28%c, and rested at 28%c. Provisions were firm and closed with ad vances of 22½c in pork, .02½c in lard and .05c in ribs. The demand was quite moderate, but, light as it was, the offerings were insufficient without the above-named ad-

vance. Hog receipts were 22,000 head, and they were quoted 5c higher. The moderate receipts and better live hog market were chiefly responsible for the advance in rates. Estimated cars for to-morrow-Wheat, 32; corn, 85; oats, 130. Hogs, 23,000. Leading futures ranged as follows: Open- High- Low- Clos-

BOSTON, May 8.—The American Wool and Cotton Reporter will say to-morrow of the wool trade: The market ruled quiet. Now and then a round lot of wool has been lisposed of, but the transactions of the past week have been mostly of small parcels. The number of purchasers in the market have been small, and most of those who have appeared have bought sparingly. In foreign wool there has been less doing than last week, while in domestic stock, except n California and Montana wools, there have been few transactions worthy of note. The weak opening of the London sales un-questionably exerted an influence on the market, but Tuesday's dispatches indicate a hardening tendency in the prices of good wools, which has somewhat stiffened the ideas of those interested in foreign stocks. A factor which has acted unfavorably on the market has been the labor disturbances in Olneyville, near Providence, R. I. The mills affected by the labor troubles are ery large purchasers of wool, and the withdrawal of the demand from this source has certainly exercised an appreciable effect on the week's business. Latest advices from the wool-growing sections indicate that the purchasing fever has somewhat cooled off and that affairs are somewhat quieter. There has been developed this season, however, a tendency among traders in the interior, who are not regular wool buyers, to buy wool on account of its low prices. These outside parties who would buy anything if it was cheap, whether cotton, leather or iron, have been led to take hold of wool, basing their action on the theory that there has been an advance in other lines of staple merchandise, and that wool will follow. This speculative buying among those outside of the wool trade has not as yet assumed large proportions, but it is discernible and worthy of note. There is no speculative buying, however, among members of the wool trade. The result has been a quieting down. Prices have ruled steady in this market and transactions have been mostly on the basis of quotations as previously given. The sales of the week amount to 1,859,800 pounds domestic and 974,900 pounds foreign, making a total of 2,833,800 pounds, against a total of 3,346,100 pounds for the previous week and a total of 1,656,300 pounds for the corresponding week last year. The sales since Jan. 1, 1895, amount to 55,962,850 pounds, against 46,138,500 pounds a year ago. The aggregate sales in Philadelphia have amounted to 1,263,200

Bulls sold freely at \$2@4.50 and yeal calves were firm with ready sales at \$365 per 100 pounds, an advance within a week of fully 50 cents. The stocker and feeder trade was fairly active at an extreme range of \$2.60@4.80. Texas cattle receipts were about 2,000 and there was good demand at firm prices, not many grass cattle being offered. The best sold around \$5.25.

Only about 22,000 hogs arrived to-day and the receipts for the first half of the week show a reduction of 13,000 from the receipts for the same time last week. There was an active demand from both local packers and Eastern shippers, prices ruling firm and in some instances 5 cents per 100 pounds higher. The offerings were mostly sold early in the day and as the average quality was very good sales were largely not far from the top. Hervy hogs sold at an extreme range of \$4.25@4.75, light and mixed a \$4.25@4.60 and pigs at \$4@4.25, while culls were picked up at \$2@4. The larger part of the hogs sold at \$4.50@4.65 and one lot

There was an active demand for sheep and ne recent advance in British markets helped the export trade in a marked degree. Prices were strong to 10 cents higher with sales of inferior to choice sheep at \$1.60% 4.65, the bulk going at \$3.25@4.50. There were numerous sales of Western sheep at \$4@4.40 and lambs sold actively at \$5.65.65. Wooled sheep sell more slowly than clipped and a large part of the arrivals have been shorn. Twenty thousand Texas sheep are now on the way here and large receipts from that State are expected by next week. Receipts—Cattle, 11,000; calves, 700; hogs, 22,000; sheep, 12,000.
